

SURVEY RESULTS SUMMARY

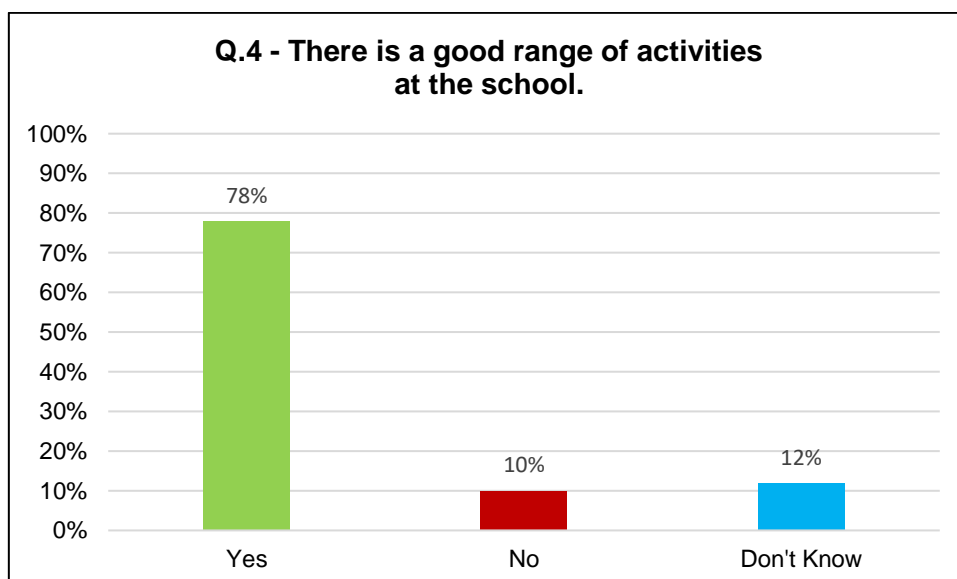

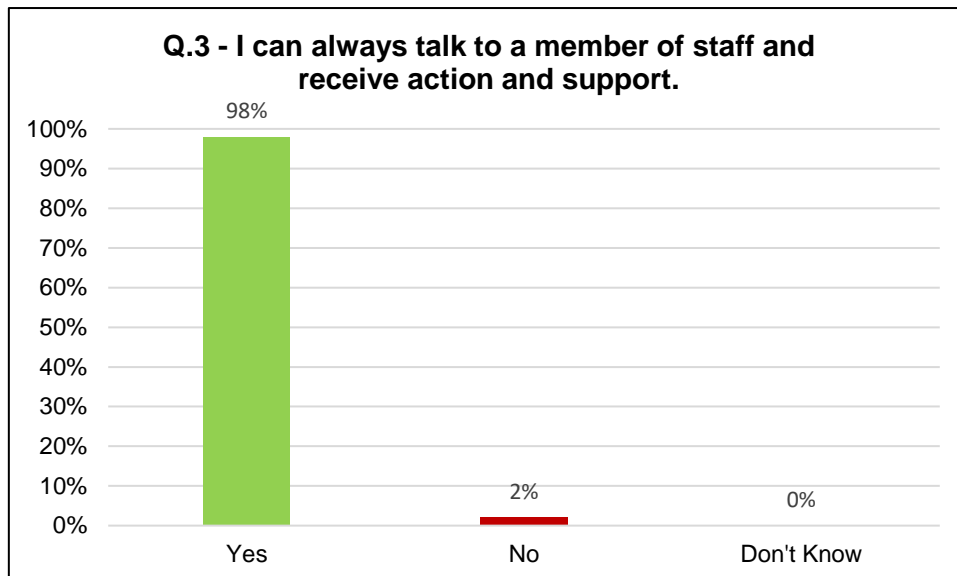

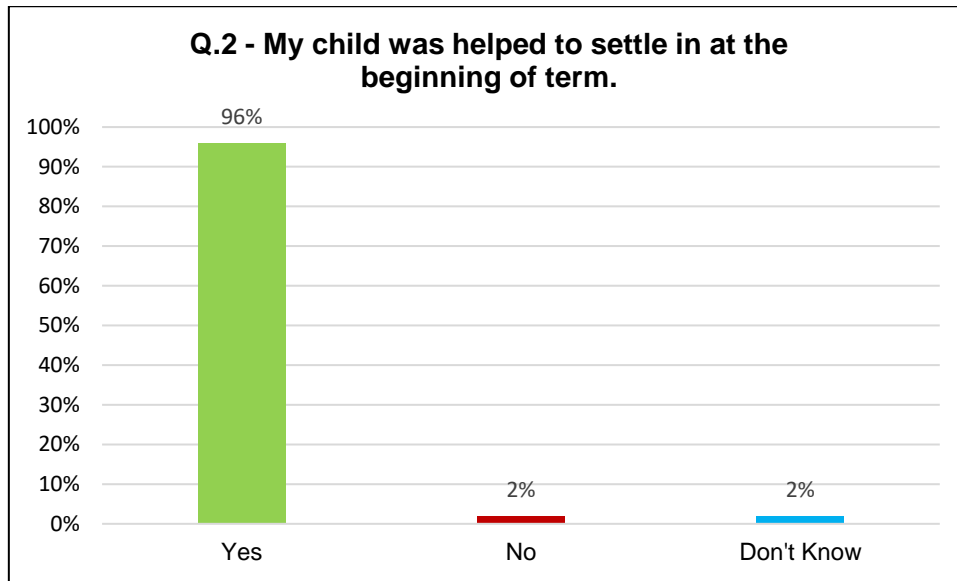

Positive Highlights

- **100%** of parents said that their child/children like school.
- **98%** of parents said that they could always talk to a member of staff and receive support and action.
- **98%** of parents said that the school has managed the children's return to school well.
- **97%** of parents said that the school provided them with appropriate support to enable them to help their child/children to undertake school work at home in relation to all subject areas.
- We were also really pleased to see that some parents/carers have been willing to put their name to positive testimonial comments that could be used in any future marketing material (see those highlighted in yellow under the comments section)
